CONTESSA MATRIX - 2017 V1.1

(AA) Contessa 100

(BA) Contessa 200

(CA) Contessa 300

V-12

(AB) Contessa 100 - REZ

(BB) Contessa 200 - REZ

(CB) Contessa 300 - REZ

The Royal-EZ (REZ) is a lever device that allows you to move a seated person gently up-to and away from the table. The gentle movements are ideal for persons suffering from **Alzheimer's, Multiple Sclerosis, Parkinson's, or Arthritis** as there is no jarring when moving patients to the table.
